2018 - 2019

Knowledge High School

Degree in 12th Board

Percentage: 84.46%

Anand, Gujarat

2019 - 2021

EXPERIENCE

TechnoGuide Infosoft Pvt. Ltd.

Anand, Gujarat | MAY-2024 - JUNE-2024

Position: React JS Intern

Duration: 17 days

Description: Completed a 17-day intensive internship focusing on React JS. Developed hands-on experience in building dynamic, responsive web applications using React JS. Worked on enhancing user interfaces, state management, and component lifecycle methods. Collaborated with senior developers on real-world projects, contributing to code reviews and troubleshooting. Gained a deeper understanding of front-end development best practices and modern JavaScript frameworks.

SKILLS

Programming Languages: C, C++, HTML, CSS, JAVASCRIPT, SQL, OOPS

Libraries/Frameworks: REACT JS, NODE JS(BASIC)

Tools / Platforms: GITHUB, VS CODE, BOOTSTRAP(BASIC)

Databases: MYSQL(DBMS), MONGO DB

PROJECTS / OPEN-SOURCE

Basic Online Voting System | Link

Developed a robust Online Voting System using HTML, CSS, JavaScript, PHP, and SQL with MySQL as the DBMS. Designed intuitive user interfaces with HTML and CSS, implemented dynamic client-side functionalities using JavaScript, and ensured seamless server-side operations with PHP and SQL.

Managed user authentication, secure data storage, and real-time updates for voting results.

Demonstrated strong problem-solving skills and attention to detail in optimizing system performance and ensuring reliability.

Technologies: HTML, CSS, JavaScript, PHP, SQL, MySQL (DBMS)

E-Commerce Website | Link

Designed and developed a responsive ecommerce website from scratch using React JS, ensuring a seamless user experience and efficient data management. Implemented features such as product catalog, shopping cart functionality, secure payment gateway integration, and user authentication. Utilized Redux for state management and styled components for modular and maintainable UI design.

Implemented RESTful APIs to interact with backend services, enhancing site performance and scalability.
